Hématologie - Oncogénèse - Biothérapies

RNA & CANCER

HOB VIRTUAL SEMINAR

SPRING 2025

[ZOOM link available here](#)

Monday 3rd, March 2025
2:00 pm

2:00pm

Introduction

Raphaël Itzykson – Director of HOB
Michaëla Fontenay – Co-director of HOB
Karl Balabanian – Director of studies of HOB

2:10pm

Translation & Cancer

Stephan Vagner ("RNA biology, signalling and cancer" Laboratory – U1278– Director of the UMR 3488 – Curie Institute – Orsay)

2:50pm

R-loop sources and byproducts of genomic instability

Benoît Palancade ("RNA biogenesis and genome homeostasis" Laboratory – UMR 7592 – Jacques Monod Institute – Paris Cité University, Paris)

Organizer:
Karl Balabanian,
Inserm U1160, IRSL, Paris
